

ADULT ONLINE DATING SECRETS EXPOSED

Dear Future Online Attraction Master,

I'm a horny man. I'll cut to the chase. Being a horny man, I spent the last few months scouring the internet for the best dating site to find "easy women". I've signed up to at least 30 of the so called TOP dating sites, Facebook or MySpace... E-Harmony or Match.com... those are my playgrounds where I game these girls. But, [Adult Friend Finder](#) can REALLY REALLY get you girls. I guarantee you'll find at least a fling or two in your first few days on [Adult Friend Finder](#)

Just Imagine A World Where You Can Attract The Women You *Truly* Desire Through Your Computer!

Allow Me To Share My Credentials and Show You How to Ignite Your Dating Life Forever

I bang any chick I want just by sitting on my ass in front of any working computer.

But Let Me Tell You First - I Wasn't *Always* Successful With Beautiful Women...

WHERE TO FIND HORNY WOMEN ONLINE?

Adult Friend Finder is the undisputed number 1 dating site I've tried. Using the same techniques I've used on other dating sites, this is the one site that gets me BY FAR the most responses due to the sheer size of their database. The girls in here are also the easiest among the other, and almost always answered my "needs" after a date. I had a bombshell just last week, and least to say... it was a FANTASIC EXPERIENCE. This is THE site to join.

Women come here for one reason, and that's exactly what I was looking for. This was also the site where I found the most diverse women around. I was pleasantly surprised. Definitely the kinkiest...

Dating online is hard for men. Too many scams, they can't write a profile right, and they never find a date. I have but I'm an expert on the subject.

For sure you have to be without any kind of complexes in order to impress in a positive way. For instance, not so self-confident man can confuse and lose the topic of the speech, misprint the letters (but he is enough educated!!) in the mail or even stutter without health problems. So, pay attention to your readiness to start new relationship -it will give u more self-assurance.

I just need to add this. The profiles of men are getting more and more similar. I discovered that in these times of a huge ratio between numbers of available men versus women, the online dating scene works fantastically **FOR SERIAL DATING MEN!** These guys have figured out that this method of getting dates works great! **They stay there perpetually because just playing the numbers allows them to date regularly, get sex regularly and never commit to anybody.**

HERE ARE SOME TIPS TO HELP YOU TACKLE THIS TASK:

Introduction

Your Profile

I want you to imagine what it's like being a hot girl with a well-written profile on an online dating site or social-networking site.

A ton of gorgeous, young women on some popular dating websites get anywhere from fifty to a hundred messages a day, bombarded with messages from guys telling them the SAME boring and generic things over and over again...

"Wow, you're gorgeous! It looks like we have so much in common. I would love to take you out to that dream dinner-date you listed in your profile..."

"You're hot! I'm the nicest guy you'll ever meet if you give me the chance. I promise! Message me back, please!"

"Hey! Nice profile. Check mine out! If you see anything you like... message me back."

Attractive women are constantly attacked by messages that scream, "I'm a low quality, low self-esteem individual that will do all in my power to please you. Please walk all over me."

You know what's worse? Guys, who TRY to be original and funny, but fail miserably. If you do run that little experiment I told you about, you'll see that a lot of the so-called "original and funny" messages aren't actually original and funny AT ALL. They usually end up being the exact opposite... neither original nor funny.

A few of the top and elite online attraction gurus and I have put the finishing touches on a **new and revolutionary program** that teaches any guy how to attract and meet beautiful, quality women on dating sites, social-networking sites, instant messengers, on the phone, and more! You name it!

I've combined EVERY SINGLE online attraction strategy that DOES work and eliminated all the strategies that DON'T work.

You know as well as I do that if you want something bad enough, nothing can stand in your way.

With the proper dose of desire, with the right set of tools...

Any code can be cracked...

Any computer can be hacked...

Any Porsche can be jacked...

And any gorgeous woman can be **F*CKED**

No matter who you are, how hideous you think you look, or how much cash is in your pocket... it can be done... It doesn't matter if you're fat... it doesn't matter if you're short... and it doesn't matter if you're dead broke. When I say any guy can do it, I mean **any guy**.

I mean... I've dated hundreds of "10 out of 10," knock-out babes... I've been with stunning actresses, hot models, cute college girls, erotic strippers, rock-hard body athletes, witty and sexy bookworms, and drop-dead gorgeous cheerleaders... And like I said...

I Met Them All Through **Adult Friend Finder**

Guys drop their jaws when they look at all the drop-dead gorgeous babes that message me on a regular basis...

Hey guys, let's cut the crap!
Let's get started!

How to get one night stand per week? EASY!
Online dating is the answer! WHY?
“Do you know why women signed up online dating services?”
Hmmm.... ”They are looking for a nice guy”
No!! You are wrong!!
Then I heard again “They are looking for sex”
Yes!! You are right my friend! Most of them are looking for sex!

Unfortunately, most of them hiding it so well!

Anyway, we are going to use the famous online dating service called [AdultFriendFinder](#)
Just go sign up there and create a profile!

**Thats a simple 6 step process you can use right now,
to get more responses than ever.**

1. Introduction

You want to make her seem like she might not be
'average' .I mean, let's face it, what girl wants to be
AVERAGE?

Hey, my name is ____ I read your profile, thought you
seemed kind of interesting, but I'm not too sure about you yet.

2. Mention something funny about all the emails she's
getting (if you set up the fake profile, use the emails
as the jokes.)

This is why I wanted you to set up the fake profile as
well. See there IS a method to the madness!

3. Mention something about her profile that you found
interesting

This is where you're going to customize the template
each time for each girl... this way she assumes its an
email just for her.

4. Ask her a question about something. She'll respond
essentially qualifying herself to you.

Like: favorite type of food, favorite outdoor activity, favorite music.... anything to get her
involved and to answer.

5. Tell her something like:

She seems cool and interesting and you'd like to get
together for a drink sometime.

6. Talk sexy and dirty:

Example: I think you are sexy with your white mini-skirt_(after see

her picture online) or I can feel your hair in my face...hmm...it smells good and I want to smell your neck as well!

Yup that's right! Don't be afraid to say those words! Make them turn on and they will get imagination arousal!

I wrote those lines thousand times and getting a real good response! Even sometimes they offered me to phone sex!

Dirty talk (sexy talk, naughty talk, etc.) is a sex play involving sensual/sexual phrasing in order to drive one's partner or oneself wild through words and imagination, and heighten sexual pleasure before and during sex. Through a dirty talk you can stimulate your partner's major senses: sound, sight and touch. Lovers use dirty talk as a way of expressing their wants and needs in the heat of the moment.

If done right and at the right time, dirty talk is one of the hottest things you can do for your lover!

I did some in-depth research on the internet and found attraction methods by some of the most successful seductionists in the world. Ever since, I've been a devout follower of John Alexander, Ross Jeffries, Mystery, and dozens of others... **then, with the help of them and some other top seductionists I've met, I developed something even better on my own.**
